Field Service Installer

We are a 100% employee-owned company offering excellent compensation and benefits.

Pumping Services, Inc. is a stocking distributor and service facility for the world's leading manufacturers of equipment used in the treatment and transfer of water, wastewater and other fluids. We serve the municipal, industrial, construction, commercial and utility markets in New Jersey, New York and surrounding areas.

The Field Service Installer will work with a crane equipped service truck on a two-man crew servicing and installing pumps and related equipment. All safety equipment and larger tools are provided but it is expected that the mechanic will provide his own basic hand tools.

The Field Service Installer, like all our employees, does not have a limited job description but is expected to do the work required to meet our customer's needs including working overtime.

A rotating group of service employees carry cell phones and stand by to work in order that we may give our customer's 24-hour service. These employees are compensated for this and all drivers, mechanics and technicians take turns being on standby for one-week period at a time.

All applicants should have a valid driver's license in their state of residency and a clean driving record.

Other essential job tasks include:

- Accurate completion of paperwork so that it is filled out in a way that the customer and we can understand.
- Some agility and heavy lifting required in installing equipment.
- Repair pump station equipment and accessories.
- Plumbing with PVC, cast iron, black pipe, etc.
- Repair and install pumps and accessories.
- Welding (preferred)
- Strength required in installing equipment.
- Good reading skills in order to understand equipment manuals.
- Good interpersonal skills with ability to deal effectively with customers and coworkers.
- Driving and operating all Pumping Services, Inc. vehicles including roll-offs, flatbeds and service vehicles. CDL is not necessary.

After 90 days you'll have access to benefits that include:

- Major medical, hospitalization, and prescription insurance plans
- Dental, life, and long-term disability insurance
- Uniforms
- Annual bonus

After 1000 hours of service, you will be eligible for our **Employee Stock Ownership Plan (ESOP)**. Under this plan, the employees of Pumping Services, Inc., receive shares of stock in the company and will therefore participate in the long-term success of their efforts.

If you receive a job offer, you'll need to have a pre-employment physical at our expense. The exam will include a drug test and respirator fitness exam. You'll need to be clean shaven to take the respiratory fitness test.
